

Entrance examination for the Integrative Evolutionary Science Program in February 2023 (for the admission in April 2023 and October 2023) will be conducted virtually. The department office will contact each applicant for detailed procedure upon the receipt of application forms.

<Notes for the Online Examination>

The applicant is expected to prepare the ICT devices and internet connection necessary for the online examination.

Recommended devices:

PC with web camera or a tablet with web camera

Headset (separate microphone and headphones are also accepted)

Recommended internet connection speed:

3.0 mbps(up/down) or better (measured value)

If there is any possibility that an applicant cannot prepare a device and/or internet access suitable for the online entrance examination, please contact the ESB administrative section ([hayamajimu@ml.soken.ac.jp](mailto:hayamajimu@ml.soken.ac.jp)) .

- The applicant is expected to take the examination in a quiet private room alone. Presence of another person in the same room can be considered as misconduct.
  
- The department may record the online entrance exam to maintain and promote its fairness. Any recorded materials recorded will be used solely for the purpose of entrance examination.
  
- The applicant is not allowed to take photographs or record the online entrance examination.

After receiving the application documents, the ESB administrative section will contact each applicant through email for detailed procedure of entrance examination and an internet connection test prior to the entrance examination.

- Please inform the ESB administrative section about the contact information of an applicant (e.g. mobile phone number, e-mail address, etc.) so that we can promptly contact and inform an applicant in case of communication or device failures on the day of the examination.

<Internet connection test before the entrance examination>

An internet connection test will be conducted in advance with the applicant's devices. If possible, please use the same room where you plan to take the online entrance examination. Video conferencing system of our choice will be used for the online entrance examination. The applicant will be expected for an approval of installation of application on your devices for the internet connection test and the entrance examination.

<Other Notes>

- If there is any misconducts (e.g. presence of another person in a room, etc.), the entrance examination may be suspended and/or the admission may be cancelled.
- In case of suspension or termination of the entrance examination due to technical problems/failures on the day of the online examination, we may reschedule the examination later date.
